

# Nishan Maharjan

Sacramento, California

Ph: 5302206548 • [maharjannishan02@gmail.com](mailto:maharjannishan02@gmail.com) • [LinkedIn](#)

## • Summary

- I am dedicated computer science student looking for an internship in the field of web development, web design, software engineering, data analysis or any related field.

## • Skills

- Languages: C++, Python, Java, Html, CSS, JavaScript
- Frame Works: Angular, Node JS, React, Redux, React-Redux, Tailwind, MySQL, Mongo DB
- Others: NumPy, Pandas, Figma

## • Education

- California State University, Sacramento (expected graduation 2025)
  - Bachelor's in computer science (2022 to Present) (GPA: 3.432)
- American River College, Sacramento, CA
  - BSc Computer science (2021 to 2023) (GPA 3.389)
  - Relevant coursework: **Calculus I, II and III**, Data structures, Assembly Language, Unix

## • Projects

- **Inventory Request System for Valley Tech Systems** (Figma, JavaScript, NodeJS, SQL)  
Developed an internal website using Agile methodology and designed the user interface using Figma to streamline the equipment request process for managers at Valley Tech Systems, ensuring effective tracking of requests.
- **Mobile design** (Figma)  
Designed the mobile version prototype of the Greater Sacramento Nepalese Community Center website ensuring a user-friendly and visually appealing interface.
- **GitHub Analytics** (React, Redux, Material UI)  
Developed a web app that allows people to view GitHub user's profile, stats, and public repositories. Used Redux to keep track of the states and be used by other components in React. Designed the overall web app using React and Material-UI.
- **E-commerce Website** (React, Redux, Tailwind, NodeJS, Mongo DB, REST API)  
Built a fully-fledged ecommerce website with Admin Panel, Redux Toolkit, Stripe Payment, Cloud Deployment, Email Invoice, and many features.
